THERMAL INSPECTINDO

*YOUR PREMIER PARTNER
FOR CERTIFIED THERMAL INSPECTION IN INDONESIA*

THERMAL INSPECTINDO

We are Thermal Inspectindo, and we specialize in Predictive Thermal Inspection. We provide the data you need to protect your bottom line, ensuring that your assets keep generating revenue, uninterrupted.

PREDICTIVE MAINTENANCE BY THERMAL INSPECTINDO

INFRARED THERMOGRAPHY

A non-contact, non-destructive testing (NDT) method to monitor asset condition in real-time

ZERO DOWNTIME

Inspections are performed while your equipment is running under normal load—no shutdown required.

DATA DRIVEN

We don't guess; we measure precise temperature data to identify anomalies before they become failures

WHY CHOOSE US?

CERTIFIED EXPERTS

Our team consists of Level 2 & Level 3 Certified Thermographers (ISO/ASNT standards).

ACTIONABLE REPORTS

We don't just give you pictures; we give you a roadmap for repairs

COST EFFECTIVE PACKAGE

Annual contracts that offer significant savings compared to ad-hoc call-outs.
